General President

Dear Sir and Brother:

Local Union No. 229 has negotiated approximately five cents per hour towards a Pension Program intended to cover an estimated five hundred persons employed by the various Freight Companies of Scranton and vicinity.

We would appreciate it very much if the International would assist us in the establishment of this Program in order that full compliance may be had on the various laws relating to this program.

If possible, a personal visit from Dave Kaplan would be appreciated, thus providing an opportunity to discuss the matter completely.

Awaiting your reply on this matter, and with best wishes, I am,

Dear Sir and Brothers:

Our Local is considering the establishment of a  
Pension Program which is to be tentatively instituted  
in October, 1954.

We would appreciate any assistance and advice  
concerning the procedures in this matter, which the  
International could offer us.

Mr. Bill Smith of the Aetna Insurance Company

Re: Policy 2473 LNH

Gentlemen:

In accordance with the request of Mr. Donald Gullison, we are setting out below the experience on the above policy. For the period from date of issue April 1, 1951 to August 31, 1954, the premiums have amounted to \$70,004.00. Cash claims have been \$2,150.43 and the amount required for incurred but unpaid claims is \$9600.00. The total incurred claims are \$67,710.43 and the loss ratio is 118.9%.

The premium rate was increased from \$8.00 to \$12.00 on November 1, 1953. For the period from November 1, 1953 to August 31, 1954, premiums have amounted to \$28,134.70. Cash claims have been \$21,501.37 and there has been a decrease in the amount required for incurred but unreported claims of \$1400.00. This makes the incurred claims \$21,101.37 and the loss ratio 63.3%.

This is a very definite improvement over the loss ratio experienced prior to the increase in premium, but it is still very borderline. We are not requesting a premium increase at this time, but we don't feel that we can guarantee the premium for the year beginning November 1, 1954. Under the terms of the policy, the premium goes on a month to month basis and we would have the right to request a premium increase on 30 days' written notice. We hope that the claims will remain at a sufficiently low level and it will not be necessary to request an increase, but we must reserve the right to do so if there is a marked increase in claims.

Yours very truly,

Dear Don:

In accordance with your letter of September 8, I am setting out below the experience on the above policy. For the period from date of issue April 1, 1951 to August 31, 1954, the premiums have amounted to \$25,501.70. Cash claims have been \$25,120.43 and the amount required for incurred but unpaid claims is \$2600.00. The total incurred claims are \$27,720.43 and the loss ratio is 116.5%.

The premium rate was increased from \$1.00 to \$12.00 on November 1, 1953. For the period from November 1, 1953 to August 31, 1954, premiums have amounted to \$25,120.43. Cash claims have been \$22,501.37 and there has been a decrease in the amount required for incurred but unreported claims of \$100.00. This makes the incurred claims \$22,101.37 and the loss ratio 83.9%.

This is a very definite improvement over the loss ratio experienced prior to the increase in premium, but it is still very borderline. We are not requesting a premium increase at this time, but we do feel that we can guarantee the premium for the year beginning November 1, 1954. Gentlemen:

Pursuant to your request I have examined the records of cash receipts and disbursements of your fund from the date of its inception to October 31, 1955. The first cash receipt of the fund was in May 1951 and its first cash disbursement in June 1951. While I did not make a detailed audit of each transaction, my examination included such tests of the accounting records and other auditing procedures as I considered necessary in the circumstances. I did not confer directly with any employers the amounts they contributed during the period under review. An attempt has been made to verify the accuracy of reports of employers and to reflect any subsequent contributions due from them.

The Chauffeurs Union Local 265 Security Plan for Bus and Limousine Drivers was created by an agreement and declaration of trust dated April 1, 1951 by and between Chauffeurs Union Local 265 affiliated with the International Brotherhood of Teamsters, Chauffeurs, Warehousemen and Helpers of America and various employers whose employees are members of that Union. Its purpose is to provide relief benefits for employees and their dependents through a plan of group insurance. The welfare benefits are provided by a health, accident and life insurance policy, written by Colonial Life Insurance Company of California. All administrative expenses were paid by Teamsters' Security Administrative Fund, which receives an allowance from Colonial Life Insurance Company of four per cent of the premium paid by you.

Several different employer contribution rates were in effect at various times during the period under review. Changes in rates

Cash Receipts: In my opinion the accompanying Statement of Cash Receipts

Chauffeurs Union Local 265 Security Plan for Bus and Limousine  
Drivers for the period April 1, 1951 to October 31, 1955 and the

Dear Mr. Hickey:

As attorney for the Teamsters Local 693 Welfare Trust Fund, I am enclosing herewith proposed Agreement to be executed by Local 693 and the respective employers contributing to the Teamsters Local 693 Welfare Trust Fund in connection with the termination of the Teamsters Local 693 Welfare Trust Fund.

After this Agreement is executed, the local fund will discontinue coverage of Local 693 members, effective May 1, 1955, and The New York State Teamsters Council Welfare Trust Fund will provide the insurance coverage thereafter. From May 1, 1955 to May 15, 1955, the local fund will wind up its affairs and on or before May 15, 1955, all its assets will be transferred to the Council fund.

In connection with the proposed Agreement, find that Article 12, Section 11, Subdivision D of your Constitution provides as follows:

"(d). No contract entered into between a local union and any employer or employer group shall be valid and binding upon such local union until approved by the General President or unless approval thereof is at any time specifically waived by him or his representative."
